

Curbside Recycle Program Policy

General Overview

The curbside recycling program is available to all residents of the Shingle Springs Rancheria. All households who choose to participate in the program will receive 2-3 blue or green plastic recycle bins. These bins will be used only for the collection of recyclable material. The bins are to be placed outside on the collection day by 11:00 am. Recycling will be collected by a staff member of the Environmental Protection Department every other Tuesday.

Proceeds from this program will go towards tribal youth activities and community outreach events.

Only, plastic, aluminum cans, and paper will be accepted.

Paper products that will be accepted include: Newspaper, magazines, and cardboard

Recycle Bin Care

The recycle bins provided in this program are *ONLY* to be used for the collection of the recyclable materials mentioned above. Any misuse of the provided recycle bins may result in termination of participation in the recycling program.

In addition, participants may be responsible for any damage done or loss of the provided recycle bins. Please, out of courtesy to the person collecting the recycling, rinse out bottles and cans before placing them in the bins.

Program Participation

Recycle pickup will occur every other Tuesday. *Recycle bins must be placed outside no later than 11:00 a.m. on the day of collection.* Please do not place recyclables at the curb more than 24 hours prior to your collection day.

Because of limited recycle bin availability participation in the recycling program is first come first serve. *As a result, failure to put the bins out for more than **three** consecutive collection periods may result in having to return the bins,* in order to allow someone else to participate in the program.
